

11th Annual Groundwater Conference

June 8, 2011

**Montgomery, Alabama
The Auditorium – Gordon Persons Building**

The Alabama Department of Environmental Management is preparing to host its 11th Annual Groundwater Conference. This event provides an opportunity to network with other groundwater professionals and learn about new technologies related to groundwater protection/restoration. As in years past, the highlighted speaker will be a Distinguished Lecturer from the Water Resources Discipline of the U.S. Geological Survey and Continuing Education Credits will be offered. Please join us in making the 11th Annual Groundwater Conference a successful event that enhances our abilities to protect Alabama's vast groundwater resources.

First Announcement/Call for Papers

Call for Papers: The Department is seeking presenters for its 11th Annual Groundwater Conference on topics of regional and historical interest. Papers are encouraged on a wide variety of subjects relative to geology, hydrology, karst, geochemistry, assessment, remediation and/or regulatory issues within the State of Alabama or related regions. The conference is multidisciplinary and intended for geologists, hydrologists, engineers, and other environmental scientists as well as local and state public employees. The conference is open to the public.

- **Deadline for submission of papers is April 22, 2011**
