

Lead Testing in Schools Results

NOTE: Results are sorted alphabetically by school system name. The highest result is listed in mg/L; the Action Level is 0.02 mg/L. "MDL" means the highest reading was below the method detection limit. "Removed from Service" means the fixture that tested above the Action Level was physically removed or shut off. "Replaced" means the affected fixture was removed and replaced with a new fixture. "Retested OK" means that after remediation (if applicable) new testing results were below the Action Level.
